

Choose a Participating Dentist

At Delta Dental of Rhode Island, we want to help you get the most out of your benefits. When you choose a dentist from our network, you'll receive:

- Lower out-of-pocket costs
- Instant recognition of your ID card
- No “balance billing,” and dentists submit claims for you

Plus, participating dentists agree to accept our payment as PAYMENT IN FULL for covered services (minus any applicable deductibles or coinsurance).

How do I find a participating dentist?

To help you identify a participating in-network dentist, visit deltadentalri.com and click “Find a Dentist.” You can search by specialty or location, and check office hours, languages spoken and more. Check your ID card for the name of your specific network plan.

Can I choose my own dentist?

With your Delta Dental plan, you have access to the nation's largest network of dentists. In Rhode Island, nine out of ten dentists participate with us, and more than four out of five dentists nationwide belong to our network.

What if I visit a nonparticipating dentist?

You have the option of going to an out-of-network dentist, but it will likely cost you more money because the dentist has not agreed to accept our allowance as full payment. You may also have to pay the out-of-network dentist up front and submit your claim for reimbursement.
